

CLEANING & DISINFECTING YOUR VEHICLE

Routine cleaning and disinfecting will ensure the safety of you and your passengers. Make sure your vehicle is clean and free of any harmful bacteria or viruses, with these cleaning tips.

PRODUCTS to use:

Rubber
Gloves

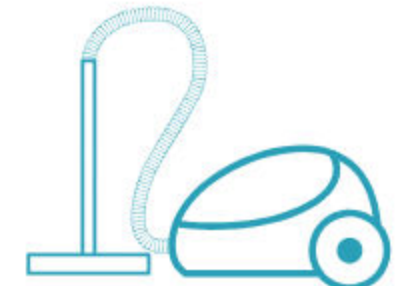

Warm, Soapy
Water

Microfiber
Cloth

Disinfectant
Wipes or Spray

Portable
Vacuum

HIGH TRAFFIC AREAS should be cleaned more frequently. Just like when washing your hands, you'll need to (gently) scrub for at least 20 seconds.

STEERING WHEEL
GEAR SHIFT
TURN SIGNAL/WIPER LEVER
NAVIGATION SCREEN
DOOR HANDLES
DASHBOARD
FLOOR MATS

CONTROLS & VENTS
RADIO DIALS
SEATS & ARM RESTS
SEATBELTS & LATCHES
MIRRORS
LOCKING/WINDOW CONTROLS
CUP HOLDERS

ALWAYS KEEP IN YOUR CAR:

Sanitizer ● Disinfectant ● PPE

DO NOT USE: bleach, hydrogen peroxide, or any ammonia-based cleaning products in your vehicle.
